

National Family Camp 17th – 19th February 2014

This year's Family Camp was held February 17-19 and what a great time in the Lord this was for all present. The theme for this year asked us the following question: **"You have run well but what hindereth thee?"** We were encouraged to identify and pray over those things that were hindering us in our daily walk with the Lord. By the end of camp some testified of feeling strengthened and others established in their walk towards heaven.

We had some great devotions, presentations, talks, messages and prayer time also beautiful praise and worship sessions led by Sister Claudine Brown. One session that really stood out was when we sang **"Worthy is the Lamb."** The presence of the Lord was surely with us.

The children also had their sessions where they learned about hindrances at their young age and Jesus being their advocate. Some of their special activities included card making and T-shirt decorating.

At the start of camp, adults and children were assigned to teams and competed in several activities throughout the duration of camp. These activities included structure building with raw spaghetti and marshmallows, Jenga, Genesis 7 test, charades with puppets and general bible knowledge quizzes. The winning team was Sister Karen's team which was awarded medallions the last day of camp.

We also enjoyed fitness/sports sessions during the day and marshmallow roasting, singing and testimonies at the bon fire at night.

If you like a good time in the Lord, good fellowship, good competition, good accommodation, good food (All you can eat), good desserts (apple pie, banoffee pie, cheesecake), please make plans to attend next year's Family Camp!

Dates have been booked for February to make it more affordable. Some have already started fundraising for next year. Don't miss out on the fun. Make plans to be there.
